Transcript of the Lessons in the Ladder Days podcast episode:

"Could The Vaccine Be The Mark of the Beast?"

This particular episode may cause some listeners to question my credibility as a spiritual forecaster and biblical interpreter of the time, but my "gut" has been telling me that something isn't right and no one is asking the question: "Could The Vaccine Be the Mark of the Beast?"

First, let me assure those who took the vaccine that this is not a fatalistic message. What I mean is that if the vaccine IS the Mark of the Beast and you've taken it, I have a message of hope – so please bear with me.

The reason I bring up the question is there are far too many similarities between today's vaccine and the biblical *Mark of the Beast* as found in the book of Revelation. Here's a 5-point outline on how I plan to tackle this topic:

| The Most Critical Defense
Weapon God Gave Us

| 10 Markers of the Biblical
"Mark of the Beast"

| Implications of Believers
Taking It Unawares

| Is There A Way Out?

1. I will describe the most critical defensive weapon believers have been given by God to navigate these times;
2. Explain what the *Mark of the Beast* is and how it will manifest in the end of days.
3. I will list the 10 markers of the biblical *Mark of the Beast* for you to compare with today's vaccines.
4. We'll look at the implications should a believer take the *Mark* unawares.
5. If the vaccine IS the *Mark*, is there a way out for the believer?

TOPIC #1

A Believer's Most Critical Defensive Weapon Today

A believer's most critical defensive weapon today is found in the book of Hebrews, chapter 5. We read: "But solid food is for the mature, for those who have their faculties trained by practice to distinguish good from evil." What on earth are these "faculties?" The Greek word means an "organ of perception."

This is an actual organ – like a spleen or gall bladder – God put an organ of perception inside of us to help us discern truth from error. Some people refer to it as your *gut*...others call it an *inner knowing*. In essence, this organ is like an inner antenna of perceiving and interpreting what's going on in the spiritual climate around you using all five senses: sight, smell, taste, touch, and hearing. Those who spend a lot of time in God's presence have these faculties or senses finely tuned. I call them "*body tells*" because the body actually tells you stuff. Each person's body tells are different – and those who walk closest with the Lord have come to know without a shadow of a doubt when something is happening for their good, or as a warning.

In a recent master class I asked my students to share the "*body tells*" they have come to rely on. You see, God gives us the ability to sense His presence. Jesus said in John 10, "*I am the good shepherd; I know my own and my own know me...My sheep hear my voice.*" He communicates to each of us so individually that we know with every part of our being that His is the voice we're hearing. This is a critical principle to understand in this evil day with so many voices out there and so much misinformation.

So, I asked my students for examples: First, what do they experience when the Lord's presence is near? Some answers... a feeling of lightness, tightness in the stomach, chills, crying without knowing why...some smell a sweet aroma...others feel light shimmering throughout the body. You can't go to school and learn these body tells. They develop over time as we walk with God and biblically, we're encouraged to pay attention to our antennas, learn when we detect things correctly and be patient with ourselves if we do not. That's how we grow.

Secondly, I asked what they experience when in the presence of unclean spirits. You see, as our faculties mature, we can discern not only whether we are around unclean spirits but often, we can identify the names of those spirits. God gave us this gift so we can take authority over the spirits in the name of Jesus and loose ourselves from them and help those who may be oppressed or possessed by them. So those who are involved in ministry are aware of these faculties and they are equipped for today's spiritual climate.

Here were some answers my students gave when around unclean spirits: a chill on the back of the neck...an inner knowing an unclean spirit is nearby...a heightened sense of awareness...heart rate increases...some smell a sulfur odor...others feel anxiety...or see demons looking at them through someone else's eyes.

I bring all this up because our worldly culture has no idea what I'm talking about because these faculties are diametrically opposed to the world's reliance on FACTS... DATA... and SCIENCE. It is not that these left-brain attributes are unimportant. They are. However, they should not be bowed down to and worshipped as the only way we are guided through life. The war between the left and right-brain is very real. Today's world system is left-brain dominant and despises right-brain thinkers because when our internal radar tells us something, we *cannot* be controlled by today's media.

Here's a scenario of how this might play out:

Your state mandates that children must wear a mask to school. You and your spouse are sincere believers and go before the Lord asking for answers, and something doesn't feel right. You are not at peace about this at all – but you know instinctively that if you make a stink, your whole family's life and the educational path your children are on will be tossed up in the air. The government tells you

that for the safety of your teachers and the other children, you must do your part and comply...and yet your insides are screaming "no!" If you voice your views in public, you will be shamed and made fun of but THIS is your organ of perception at work! It is biblical. God gave it to you as a powerful spiritual warning system. He wants you to trust your "gut" and say "No!"

TOPIC #2

What Is The "Mark of the Beast?"

There are 3 times the word "mark" is used in the Bible - each with a different meaning. In Genesis 4, after Cain killed his brother Abel, we read, "And the Lord put a *mark* on Cain, lest any who came upon him should kill him." That Hebrew word for "mark" means "a beacon, signal, or an omen." Since Cain was the patriarch of the generations who chose not to follow the Lord, God prevented anyone from accidentally killing him. That generation was allowed to grow up next to the godly lineage of Seth.

The second time we see the word "mark" is in Ezekiel 9 which says, "And the Lord said to the angel who had the writing case, 'Go through Jerusalem and put a mark upon the foreheads of the men who sigh and groan over all the abominations that are committed in it.'" This is fulfilled in Revelation 7 when, during the 7-year Tribulation, God will seal 144,000 Jews with a mark, 12,000 from each of the 12 tribes. Ezekiel wrote, "The Lord gave instructions to the destroying angels to wipe out everyone except the ones upon whom is the mark." In this case, the *mark* is a good thing and the Hebrew word used for it is *tav*, which means "signature." God sets His signature on the foreheads of these chosen ones so the destroying angels will know which ones are *not* to be harmed during the judgment.

The third reference to the word "mark" refers to the "Mark of the Beast" found in the New Testament, in Revelation 13. We read, "The beast (who will be the embodiment of Satan) causes all, small and great, rich and poor, free and slave, to be marked on the right hand or the forehead, so that no one can buy or sell unless he has the mark, that is, the name of the beast or the number of its name." This "mark" is not a good thing. It is synonymous with the Beast. Everything about the mark expresses his nature and whoever takes the mark is expressing his or her alignment with it. This word for "mark" is "charagma" which is a visible etching that shows up on the skin as a badge of servitude to the kingdom of the beast.

TOPIC #3

10 Distinct Markers of the Biblical "Mark of the Beast"

These 10 markers are what we learn from the New Testament as to what the culture will be like during the time the *Mark of the Beast* is given. See for yourself if they are similar to today's vaccines.

1. The *Mark* is given to people of every nation to help them survive a global catastrophe.
2. By taking it, the promise is you'll be able to return to living a normal life.
3. Taking the *Mark* soon becomes a mandate and the *Mark* represents submission to a growing one world governing body.

4. Those who take the *Mark* will be granted permissions and freedoms not granted to those who resist (such as the ability to do business and to buy and sell).
5. The *Mark* itself is an unnatural and foreign substance that becomes part of the body of previously healthy individuals.
6. A bond of allegiance develops between those who take the *Mark* and the governing organization that mandated it.
7. The masses are divided into two groups: the “compliant” and the “rebels.”
8. Those who refuse the *Mark* are treated with shame and contempt and ostracized from public gatherings.
9. The spiritual atmosphere during the time the *Mark* is given is described as a time of darkness. That Greek word in the book of Revelation for darkness means “deception and untruth.”
10. Jesus said in Matthew 24 that the level of deception during this time period will be so strong “*so as to lead astray, if possible, even God’s elect.*”

TOPIC #4

What Are The Implications Should A Believer Take The *Mark* Unawares?

To be transparent, I do not have 100% proof that the vaccine is the *Mark of the Beast* – but the list of alarming similarities show it *could* be the mark or a forerunner to it. Now, if you are convinced you made the right decision in taking the vaccine, then be blessed. I respect your right to choose. But if there’s a knot in your stomach and you want additional biblical commentary on what to do if you regret taking it, then let me share three considerations to ponder whether or not to continue your vaccine path.

CONSIDERATION #1

First is to consider is the nature of who or what is behind the vaccine push. Is it God or is it the Beast? To answer, we have to examine the two natures through a biblical lens and apply its wisdom.

- Let’s consider first the nature of the Beast - because the *Mark of the Beast* is his signature, his nature. So, what is it like? In Genesis, the Serpent showed himself first as appealing, articulate, and winsome in personality...but later revealed his true nature as a liar, promising Adam and Eve something potentially good – that they would become like God if they ate of the tree – but in the end they were trapped in life and death consequences. What are today’s promises: “Take the vaccine and your life will get back to normal.” “With the vaccine, you’ll be able to see your grandchildren.” The Beast knows the right buttons to push for each one of us. But what’s happened? The virus continues and the vaccinated are told they’ll need to take more vaccines and booster shots...with more genetically engineered substance injected into their bloodstream.

- Let's look at God's nature. He never puts pressure on someone to do something. He doesn't shame or taunt them. His style is Eastern which is indirect. He nudges, leads gently then waits to see how we respond. He would never bribe people to take a vaccine or offer them free gifts and corporate incentives. That is not His nature.

CONSIDERATION #2

A second consideration is that since the days of Noah, Satan's plot has been to inject his DNA into the human race in order to build an army who will worship him and go to war against Messiah. This plan first manifested in Genesis 6 when the Fallen Angels had sex with women and produced the hybrid race known as the Nephilim. These half-man, half-angel beings were so wicked that God destroyed the earth with a Flood, saving only eight people whose blood was untainted. The Nephilim returned afterward and have been interbreeding with humanity ever since, as outlined in my 3-part [podcast](#) series as well as the monograph titled [The Nephilim-UFO Connection](#). In it, I offer biblical evidence that two races of human beings are now growing side by side: those manufactured through the Nephilim's genetic engineering and the biblical lineage of Adam and Eve.

I'm saying all this to show how important it is to God for us, now, right before the Kingdom, to maintain the purity of our bloodlines and not allow anything foreign to contaminate it, especially something coming through genetic engineering – which is the primary expertise of the Nephilim, according to their own recorded history dating back thousands of years before the Bible was written.

CONSIDERATION #3

The third consideration is how long the world's Elite has been conducting chemical and bacteriological research and why. The origin seems to have been the Third International Conference of Eugenics held in 1932 at the Museum of National History in New York City. Eugenics, as you probably know, is the study of how to genetically manipulate reproduction within a human population to increase more desirable traits to pass down to the next generation. It is an extremely racially-biased viewpoint. The goal of the meeting was to address the problem of overpopulation by so-called (quote) "worthless people" consuming too much of the world's resources, which the Elite believe belongs to THEM. In fact, their efforts to kill off those they don't want have been secretly ongoing for over eight (8) decades. Early on, this diabolical plot was uncovered in a monograph written by Dr. John Coleman, founder of *World Intelligence Review*, called *The Global 2000 Report: A Blueprint for Global Genocide*.

In my podcast [Return of the Nephilim, Part 2](#), I discuss this at greater length, but you should know that *The Global 2000 Report* was commissioned in 1979 by The Club of Rome and accepted as U.S. policy by then President Jimmy Carter. The report outlined a blueprint for how to get rid of 2.5 billion people by the year 2020. It is no coincidence that our pandemic just happened by chance to be achieving their goals. As of August, 2021, 4.38 million have died worldwide from Covid-19 and let's not overlook the billions that the pharmaceutical industry is making off the vaccine.

The implication for believers is this: **IF** the vaccine *is* the *Mark of the Beast* or its forerunner, then everyone who took the vaccine has taken the first step toward allegiance and identification with the kingdom of the Beast. The pressure will now be greater to keep taking more and more vaccines and boosters and pull the vaccinated ones even further into alignment with the one-world system. That's

why I raise this difficult question, because there is a narrow window of time for these believers to reverse course.

TOPIC #5

What Can Believers Do If They Took The Vaccine and Regret It?

I said I was bringing you a message of hope and I *am* because God understands every temptation we face. He knows our fears, our concern for our health and our families. He knows how subtle the enemy is to entrap sincere people who cannot in their minds fathom the depth of evil and treachery of the kind that I'm presenting here. The reality is that there is no way to undo a vaccine. However, God always gives us a way out: that is by doing *T'shuvah*, the Hebrew word for true repentance.

The Bible is filled with story after story of His people who went down a wrong road only to realize they had been deceived. Psalm 107 is particularly relevant and comforting.

IN CLOSING

Let me list 5 things you can do if you find yourself rethinking your vaccine decision:

1. **Review** the information outlined in this episode. Discuss it with your family and bring it before the Lord.
2. **Remember:** James 1 tells us that God freely gives His wisdom to all who ask. So lay it all out there before him and read His Word all the while waiting for Him to speak to you. He will. Another key verse is Proverbs 3 which says *"Trust in the Lord with all your heart, and do not rely on your own insight. In all your ways acknowledge him, and he will make straight your paths."*
3. **Register** in writing all of your concerns, your fears, your questions, every obstacle that you see before you right now and bring these things to discuss with the Lord at a specially appointed time. You need to be completely and utterly transparent because your Father knows everything at stake in this decision.
4. **Remain:** Do not leave His presence until you get your answer. I don't mean literally, because you have to eat and go to the bathroom – but do not make a decision until you have received an answer based on what your *faculties* tell you – that's the inner warning system we talked about in the beginning. God put it inside of you for such a time as this. He wants you to *know* beyond a shadow of a doubt what He wants YOU to do. This is your decision and His alone.
5. **Rest** in His promises. Take the next step according to what He has shown you and trust Him with the outcome. I encourage you to read Psalm 91 out loud because these promises are critical to staying focused amidst all this turmoil. He says, *"Because you have made the Lord your refuge, the Most High your habitation, no evil shall befall you, no plague or calamity will come near your dwelling place. For he will give his angels charge of you to guard you in all your ways."* You need to know this deep in your spirit.

If you'd like to listen to this episode, you can find it along with all of the episodes on my [podcast page](#). I want to thank you for sharing this time with me. I encourage you to [email](#) me with questions you are wrestling with so I can perhaps address them in future episodes.

This may be one of the most important decisions you will make in your journey toward the Kingdom. I hope that you make time for it. I will be praying He awakens your faculties and meets you right where you are. Hearing from the Father is a beautiful thing.
