Transcript of the Lessons in the Ladder Days podcast episode:

"How Vaccine Paves Way for Mark of the Beast" (and How to Demolish the Road)

In this [Lessons in the Ladder Days](#) series, I offer biblical commentary to make sense of the times we're living in. This is only the second episode where I felt the need to provide a FREE transcript. It is with a sense of urgency that I do so.

Today I want to discuss *"How the Vaccine Is Paving the Way for the Mark of the Beast and How To Demolish the Road."* I'm going to present biblical evidence from the book of Daniel and show you how the vaccine rollout fulfills perfectly a prophecy that was written over 2500 years ago.

But first, since the book of Daniel contains so many dreams and visions which are difficult to understand, let me explain two interpretive principles in dealing with this kind of metaphorical language.

#1 First, God speaks in tavnioṯ or pictures – that's His preferred style of communication – like dreams and visions which are forms of Eastern communication. They mean one thing in the natural...but contain multiple layers of meaning for those who search for it. We who live in a Western culture don't like this. We just want the bottom line: *"God, just tell me straight out what You want me to do!"* This kind of response is rude and impertinent. You see, God is a *rewarder* of those who seek Him.... He leaves the responsibility of "getting it" to those who take the time to search out what He's saying. In other words, it's the *search* that pleases Him!

Jesus says this very thing in Mark 4:24-25 when asked why He spoke in parables. He said, *"Take heed (or pay attention to) what you hear. For the measure you give is the measure you receive, and still more will be given you. For to him who has will more be given; and from him who has not, even what he has will be taken away."* This means that if you give lots of attention to a vision or a dream or a parable, intently seeking His wisdom from it, He will give you more. But if you don't

pay it any attention, even what little wisdom you think you have will be taken away and given to the one who *does* seek.

#2 The second principle is the constraint or limitations that a prophet has to use vocabulary of the day when trying to describe what he or she sees in a dream or vision that could refer to hundreds of years in the future. A perfect example is found in Revelation 9:7-10 when the Apostle John describes an apocalyptic vision. In writing about what will happen during the 7 years of tribulation, he used phrases such as, *“The locusts were like horses arrayed for battle...they had scales like iron breastplates, and the noise of their wings was like many chariots with horses rushing into battle...with tails that sting like scorpions.”* In reality, he could have witnessed a scene from a sci-fi battle of missile-shooting helicopters. But he used the only vocabulary he knew to describe a future event and we must keep this in mind when dealing with metaphorical pictures in general and this episode in particular.

SECTION #1

Analysis of Daniel 11:30-31 Prophecy

Let's re-examine this prophecy that I introduced in [The Days of Noah, Part 7](#). First, we'll look at it in the natural and its historical fulfillment both in the past and in the future during the Day of the Lord. Then we will look at it through a metaphorical lens that I believe relates to us right now.

“For ships of Kittim shall come against him (referring to Antiochus Epiphanes) and in his rage ...he shall turn against the Jews...and arms shall stand on his part and they shall pollute the sanctuary...take away the daily sacrifice...and place the abomination that makes desolate.”

How was this fulfilled? Both Jewish and Christian scholars see Daniel's prophecy fulfilled in two different time periods. First was the historical fulfillment in 168 BCE – 400 years after Daniel wrote, when the Greco-Roman King Antiochus Epiphanes invaded Jerusalem, desecrated and polluted the Temple and then erected a statue on the altar with his face carved into the idol pretending to be the god Zeus. All this happened over 2100 years ago.

Now the rabbis and other biblical scholars have long viewed Antiochus to be a picture or *tavneet* of the false messiah who will make a covenant of peace with Israel at the very beginning of the Day of the Lord. That covenant will lead to the rebuilding of the Temple and re-establish the daily sacrifices. Both Old and New Testaments tell us that midway through this 7-year period, this false messiah will break this covenant and turn on the Jews in a murderous rage just like Antiochus did. The false messiah (antichrist) will invade the Temple, stop the daily sacrifices and set up his image as a statue on the altar and demand everyone to worship it. It is at this time when the actual *Mark of the Beast* will be instituted. We are not at this point in time yet because the Day of the Lord has not begun.

So this Daniel prophecy has already been fulfilled once and we are waiting on the second fulfillment to occur at the beginning of the Day of the Lord. If you are a student of what is going on in Israel and the preparations being made now, you know that the time is close. Several organizations, including [The Temple Institute](#), have almost everything prepared for the Third Temple to be built and furnished, the Priests and Levites clothed and trained according to the Mosaic Law, and the sacrifices and offerings reinstated.

This puts us now in a waiting period where the Hellenistic forces known as the final kingdom (New World Order) is orchestrating behind the scenes to prepare the world for the unveiling of the false messiah as we read about in Daniel (2, 7, 8, 11), 2 Thessalonians 2, and Revelation 13 among many other passages.

I view this vaccine frenzy as the biggest sting operation against humanity the world has ever seen. I want to show you why I believe this – how this final kingdom is working to get an unsuspecting world population under their control, prepare them to receive the false messiah when he appears, and take the *Mark of the Beast*. This is not some conspiracy theory – rather, it appears as a brilliant diabolically-orchestrated scheme that Daniel 11 reveals in incredible detail if we have eyes to see.

Let's briefly review the wording of Daniel 11: 30-31: Daniel saw an army coming against God's people, the Jews. The strategy of this Hellenistic king was to build up forces targeting the Jews, attack them with fierce hatred in order to pollute the Temple, take away the daily sacrifice, and place the abomination of desolation on the altar. Let's break out the phrases and look at them metaphorically.

(Phrase #1) "The Ships of Kittim:" In Judaism, *Kittim* is a code name for the Greco-Roman Empire which delivered Hellenism to the world. This is going on now...this is the force behind the mandates of the New World Order trying to make everybody unified do the same things, be politically correct, and be controlled by a central governing force. The Hebrew word "ships" is from the word *tsavah* which means "to establish or set something up in place." So if you look at this phrase metaphorically, it means that something from the forces of Hellenism is being shipped or delivered to the people to make them conform to the rest of the world. This "something" (whatever it is) is especially targeting Jews and the motivation is one of hatred or anti-semitism.

(Phrase #2) Daniel says, "Arms shall stand on his part" and those "arms" will "pollute the Temple." In the literal, we think of the word "arms" as armed forces. But the Hebrew word for "arms" is *zero'ah* which means "the arm as stretched out." Can't you picture the lines of people all over the world stretching out their arms to be vaccinated?!

(Phrase #3) The word Daniel used for the pollution of the temple is the word *chalal* which means "to bore a hole in something, to open up a wedge" for the purpose of polluting the temple! This is metaphorically what a syringe does...it "bores a hole" into the arm to deliver something designed to pollute the temple.

(Phrase #4) What does the word *temple* mean metaphorically? Could God have put the Temple in Daniel's dream so that when he wrote the word "temple," it would also have a secondary meaning for us living in today's times? The Apostle Paul wrote in 2 Corinthians 6:16, "For we are the *temple* of the living God; as God said in Isaiah 52, 'I will live in them and move among them, and I will be their God, and they shall be my people.'" Both Testaments teach that our *bodies* are *temples* God wants to dwell in!

So let's re-cap: Something is being shipped by Hellenistic one-world forces using arms as stretched out...boring a hole through the skin to deliver something designed to pollute the temples or bodies of God's people. This is the metaphorical interpretation using the language of Daniel's prophecy. And the reality of it is frightening!

In my description notes to this episode (and in this transcript), I include many links to articles and videos showing what many believe is actually inside the vaccine that could accomplish this objective. I hope you look at them and judge for yourself. You can find them on my [podcast](#) page and at the end of this bulletin.

What if, for instance, the army that Daniel wrote about had a secondary meaning? Could this so-called army also refer to a force that is invisible... molecular... and microscopic? Could these armed forces be billions of nanotech molecular structures traveling through holes bored by syringes and injected into the arms of everyone on the planet? Again, Daniel would have had no concept of such technology in his day, so he would use words that could be interpreted as I'm presenting now.

You need to know that the technology *does* exist to insert into people microscopic nanorobots made of graphene oxide. You will find depictions of these substances in the links I'm providing for you. See for yourself the alleged contents of the vaccine vials under high-powered microscopes by reputable doctors and scientists who have sacrificed their professions to speak out.

I make no claim to be a micro-technology expert – but from my research, I understand that these graphene oxide particles are able to serve as communication processors so that the global elite (with help from the now-expanding 5G network) will be able to send messages to and thereby influence and control everyone who took the vaccine and subsequent boosters.

SECTION #2

The Coming Beast

I want you to consider this passage from Revelation 13:1. John wrote, *"I saw a beast rising out of the sea, with ten horns and seven heads."* Again, this is speaking of the time during the 7-year Tribulation in the Day of the Lord which has not yet come. We know from Scripture this beast (first prophesied in Daniel 7) comes from genetically mixed seed (part-human and part-Nephilim) which is why Daniel describes this final kingdom as *terrible* and *dreadful*. This is as it was in the days of Noah. Please refer to the monograph, [Return of the Nephilim](#), for more information on this.

Speaking of the 7 heads of this beast, you need to know that in June of 2021, the global entity known as [G7 committed to distribute 1 billion COVID vaccine doses](#) over the next 12 months to lower income countries. *Who are the 7 heads of the G7?* Canada, France, Germany, Italy, Japan, the UK and the US. These are the world's wealthiest liberal democracies accounting for 60% of the global net wealth and representing 770 million people. Those leaders at the very top are the key players of the final kingdom. I believe this is the reason the media – which is controlled by the world's elite – has been so intent to pressure us every day to take this vaccine.

[Bloomberg](#) reported in December that it could cost some \$50 billion dollars to vaccinate the world. You can choose to believe that these 7 nations are willing to spend billions out of the goodness of their heart...but I see this as part of a larger scheme to put everyone in the world under their control and influence. They appear to be paving the way to fulfill Revelation 13 when the fully-formed beast finally rises out of the sea. And by that time, those who are completely vaccine-compliant can easily be influenced to take the *Mark of the Beast*. That's why I'm doing everything I can to help you get your arm out of this snare while there is still time.

SECTION #3

The Abomination of Desolation

There's one final phrase to examine before we bring all these pieces together:

(Phrase #6) in Daniel 11 about placing “the abomination that makes desolate” on the altar of the Temple...because this final action was what ignited the wrath of the Lord to bring about destruction. How do we look at this phrase metaphorically?

This phrase – “*the abomination that makes desolate*” – is mentioned in both Daniel 9 and 12, and by Jesus in Matthew 24. The word “*abomination*” refers to an actual idol or the likeness of a disgusting and detestable thing pretending to be god...and the word “*desolate*” means “to lay waste or to bring about destruction.”

So what we have in this Daniel 11 prophecy is an evil regime placing something inside the body which is such an abomination to God that He is forced to bring about destruction.

Now I cannot swear 100% that what I am proposing is true; but I believe it to be consistent with the Word of God and with the work of the Nephilim, which I have studied and written about for years. What I see – for your consideration – is that in addition to the microscopic communication system of graphene oxide, ***the enemy may have also inserted through genetic engineering a DNA strand of Satan's blood in the vaccine itself!***

Now if this sounds preposterous, let me present four considerations that support this theory:

#1 First is that Jesus said the Day of the Lord would be just like “the days of Noah.” That was when the blood in over 99% of the people on the planet was polluted and compromised genetically by Nephilim blood which contained the DNA imprint of Satan. This is what ignited God's wrath to bring about the flood. We have to ask: *What in our day has entered the bloodstream of billions of people worldwide?* The vaccine.

#2 Secondly, I want to read you a portion from the episode called The Nephilim-UFO Connection, Part 2 ([The Aliens' Story](#)) [see complete [monograph](#) here] detailing the life of the gods who lived on earth thousands of years before our biblical record began. My source material comes from the late biblical scholar and Russian-born Jew, Zecharia Sitchen, who became one of few scholars able to interpret the ancient clay tablets describing the civilizations of the fallen ones who came to Earth. His books, [The Earth Chronicles](#), give us a detailed account of how the Nephilim lived and why they believe they have legal right to lordship over our world and its people. Their own records describe how they used genetic engineering to mix the blood of one of the gods with clay and bind their image (or DNA imprint) upon their version of man. This is what Antiochus Epiphanes did...he bound his image to a statue and placed it on the altar in Jerusalem! This “binding of a DNA image” is found among the earliest pages of the Nephilim playbook.

#3 Scripture teaches us that two versions of humans began multiplying on Earth: those who were created in Satan's image through genetic engineering and the biblical

lineage of Adam and Eve who were created by Almighty God. In Matthew 13, Jesus explains in the parable of the two seeds that these two races have lived side by side since the beginning and will grow up together until the harvest (which refers to the Day of the Lord).

#4 The 4th consideration has to do with the timetable when all this took place. I explained in the last episode the importance of Chanukah because it is also called the Dedication of the Temple. That day is always the 25th of the Hebrew month of Kislev. This is the exact date when Antiochus polluted the Temple and dedicated his statue to Zeus, the Greek name for Satan! Let's fast-forward now almost 2500 years to the 25th of Kislev, in 2020 – the very day when the FDA issued emergency use of the Pfizer vaccine. Coincidence? I don't think so. You see, while commemorating the Dedication of the Temple during the celebration of Chanukah in 2020, here's what was happening behind the scenes: the first shot was given in the UK...the first shot given in the US...and the first shot was given in Israel! The *temples* of millions of people – many of whom love God – were invaded and polluted by a substance that likely bears the genetic imprint of the enemy of God.

Metaphorically, the global vaccine roll-out seemed to have a simple mission: To deliver a communication system hidden microscopically inside a vial and injected as part of a scheme to transfer kingship within millions of devout lovers of God: from Jehovah...to the god of the New World Order.

SECTION #4 If You Took The Vaccine. . .

If you took the vaccine and are troubled by what I am sharing, please hear me. Let me assure you *all is not lost!* God's heart is to show you the way of escape from an enemy snare that could happen to any of us and teach you the principles of how to biblically cleanse your temple. This is work that *only you* can do, between you and the Lord.

Let me suggest 4 action steps:

1. **REVIEW** the transcript which you'll find in the description notes to this episode on my [podcast page](#). It has all the references and links.
2. **ASK** God to show you the truth and whether what I'm sharing is credible.
3. **READ** the Old Testament books of **Ezra** and **Nehemiah**. These leaders lived through exactly what we are living through now: they were called to rebuild and dedicate the Temple - but then had to fall on their faces in repentance before God when they found out the people had intermingled their blood with unbelievers. They were entrapped in a snare too, but God showed them how to get free from it.
4. **FOCUS** on the last part of **Nehemiah**. He discovered that the High Priest (Eliashib) – who was appointed to be in charge over the chambers of the house of God – decided to make room for a man named Tobiah, who had “forbidden blood” genetically. He was an Ammonite and it was against the Law for him to be in the Temple at all.

IN CLOSING

Let's apply these lessons to our situation: The highest earthly religious authority in Israel gave permission for something despicable to come and make his home in the Temple.

What I want you to see is how Nehemiah handled it: He grabbed all of Tobiah's belongings and threw them *and* Tobiah himself out of the Temple! Then he cleansed the chamber, anointed it, put everything back in that space that God instructed to be there, and dedicated it to God.

If you belong to the Lord: You cannot have the image of two opposing deities inside of you! But you have the authority in Jesus' name to cast out anything that could legally bind you to a false god and you have the power of your words to break covenant with that stronghold.

Thank you for considering what is possibly the most critical issue of our remaining time on earth. I hope you join me again for [Lessons in the Ladder Days](#). God Bless.
