JOURNEY Session #4: "Name Your Seed"

 **Session #5 Assignment_Who Are You? (gifts & motivations).pdf**

This assignment is critically important. Take your time with it. Ask key family members to help you remember key things about you when you were young. It is here where you'll begin to see the common threads that have surfaced throughout your life.

STEP 8

THE COURSE ARRIVES!

If you scroll your mouse over the screen you may see notice of attachments. Print them out if you haven't done so already. Many videos have assignments to complete before watching.

This is your first video. Below are all the modules in this course. When you interrupt your viewing and return to it later, Yondo will start you where you left off. For safety, I recommend making a note of the time code - so you can fast forward and pick up where you left off.

Having an account (circled) means you can return to it whenever you want. Yondo stores all the videos you have purchased for easy access.

All you have to do is do STEP 1 which will lead you back to course section. From there you follow the steps to sign back into your account.

Enjoy the course...be blessed with wisdom and discernment in how the Lord wants to use YOU in these Latter Days!
