Addendum To Episode: "Ladder Days Retrospective 2023"

The 7 Warning Signs I See Coming

Note: A listener asked me to make available for download the *7 Warning Signs I See Coming* (and what we can do to protect ourselves) which I reveal in this broadcast. (Broadcast link on next page.)

WARNING SIGN #1

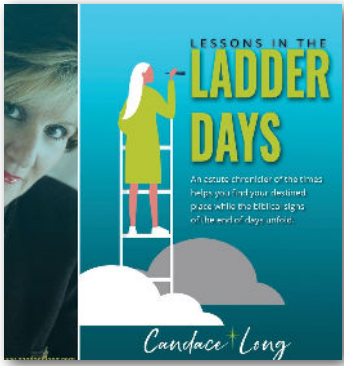

We will see a continued invasion of Nephilim in our daily lives. They look just like us but they are people whose blood has been contaminated with DNA that comes from the fallen angels. They have risen into leadership positions in all sectors of our culture. They don't think like we do...their agenda is evil. Pray Psalm 91 over yourself every day and ask God to alert you through your body tells when around people controlled by unclean spirits. You have authority in Jesus' name over every unclean spirit around you and your family.

WARNING SIGN #2

We will see a continued explosion of the transgender culture and further upheavals in godly families. This is the face of the ancient Hellenist influence that defines the final kingdom. Confront the culture while you can - but if you choose to embrace it and accept it, especially with a family member you love - understand this is a dangerous decision for it goes against God's created order and you will not be standing with God.

WARNING SIGN #3

I believe we will witness more UFO sightings aimed at instilling terror in the population. As people of faith, we are not to fear for this is one of the signs of the latter days. Your role is to give comfort to others - to give biblical insight and instruction. I have a lot of [resources](#) to help you understand what is happening in the heavens.

"Ladder Days Retrospective 2023"

WARNING SIGN #4

Evil will increase as the population intermarries with those whose god is not the Lord. As a result, people of faith will be more oppressed. The best thing you can do is examine what your options are for influencing those you care about according to your gifts and talents....and be busy doing *that*.

WARNING SIGN #5

God will be at work separating those who align with the final kingdom and those who stand with Him. Pray as a family and ask God if it's time to get out of the cities. Consider relocating with other friends who are like-minded so you can work and raise your families side by side. This is not a time to be isolated.

WARNING SIGN #6

I see an increase in God's judgments through plagues, droughts and famine which will worsen the closer we come to the Day of the Lord. Get your affairs in order and prepare for hard times. Store up food and cash. Develop family evacuation measures and a place to meet if everything falls apart. This is also a time to deposit what you want to leave behind as your legacy of faith to those who may be left behind to go through the 7-year Tribulation.

WARNING SIGN #7

Above all, expect God to miraculously sustain you. He promised never to forsake you or fail you. He is our banner...the portion in our cup on the day that we call...our refuge in time of trouble...our sure defense. That's His covenant promise to His children.

IN CLOSING

To refer to this episode and all the resources listed in it, click the *LadderDays* icon above and find both the episode as well as the description notes.

I'd love to hear from you if this series has been helpful to you: [CONTACT ME](#). Click [DONATE](#) if you would like to help me expand the show to other markets.

May we meet in person soon... in the Kingdom!

God bless!
