*...a relevant and timely program for
News/Talk & Christian radio stations!*

Launched February, 2021

WDUN AM550 | FM102.9
(NORTH GEORGIA'S NEWS TALK)

Birth of the Show

I have been studying the biblical signs of the end of days for over 35 years. When I realized we are actually living in these times, a new mission was born!

I began *"Lessons in the Ladder Days"* as a biblical commentator to chronicle how the prophecies are being fulfilled in the final years of the Church Age...and reconnect Christians with our Jewish roots.

Each episode (radio show) (podcast) represents months and even years of research offering thought-provoking, non-denominational programming to help listeners find their destined place as these end of days unfold.

MY GOAL FOR EACH SHOW

To offer listeners a calm place of refuge as well as a biblical lens through which to see God's narrow path to the Kingdom clearly.

Initial Response

The response from listeners exceeded my expectations. I watched as the podcasts were being downloaded all over the world.

TOP 5 TERRITORIES FOR DOWNLOADS

- #1 United States
- #2 United Kingdom
- #3 Canada

Listeners seemed hungry to know what's happening...learn ways to protect their families...and make wise decisions for the difficult road ahead.

Initial Strategy

The strategy showed itself while studying the flight plan I flew regularly from Georgia to DC where I worked for many years, recalling how God prompted me to pray for the people, towns and farms below, asking Him to raise up godly leaders.

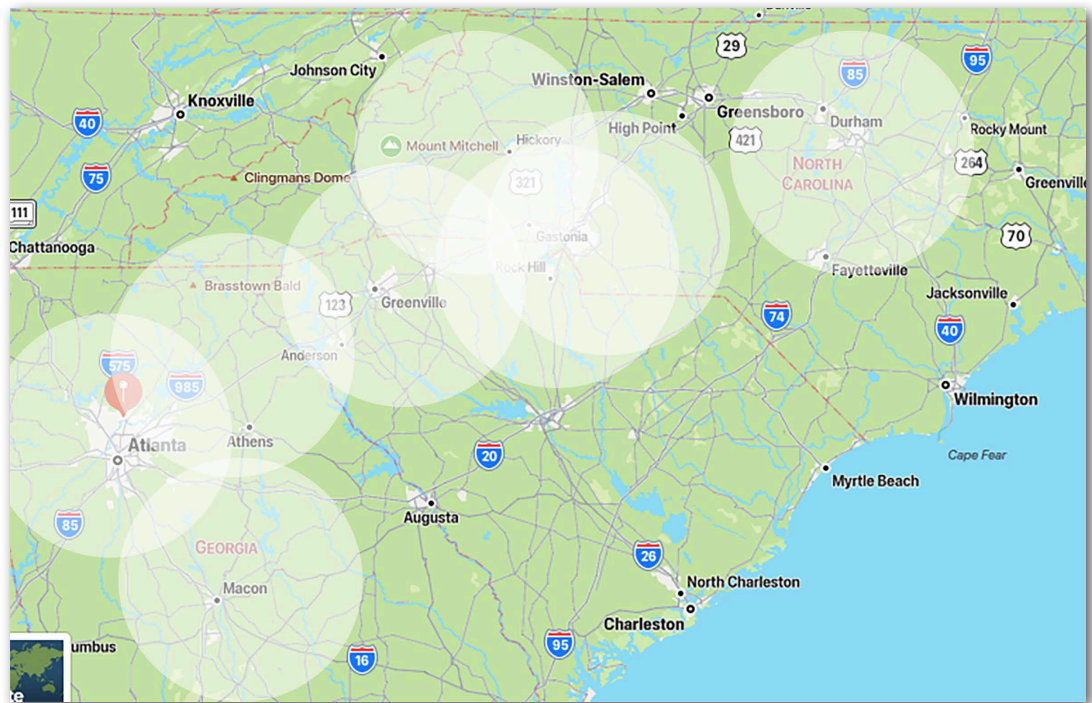

Northeast flight path along the Appalachian Mountains.

Strategy Took Shape
